Animal Science—A 4- H Adventure

Have fun as we learn about domestic animals! A “must” class for all animal lovers!

Archery

Come learn about and practice the life-long sport of archery! Work on archery safety, marksmanship and even a shooting competition on the last day. All equipment provided.

Ball Games

Get yourself moving around while having fun playing games like kick ball, soccer, baseball and more! Different teachers for each week so feel free to join in both weeks if you’d like!

Basketball

Boys and Girls will enjoy a week of improving their offensive and defensive skill, with lots of ball handling, shooting and end the week playing some 5 on 5 Games.

Beading 101

Have fun with your friends making all kinds of fun things with beads! We’ll make many things to wear and display!

Bug Basics

Become a bug scientist! Build your own bug box, collect your specimens and learn how to categorize these creepy creatures!

Candle and Soap Making

Come and enjoy making some candles and soap to take home!

Candy Candy Candy!!!

If you love to be creative and you love to make and eat candy then this is the class for you. We will be making a variety of fun candies to make and take and most importantly eat! Be prepared to get sticky and messy and have a good time.

Carnival Games

Come learn some math while having fun creating your own carnival games! We will learn what our chances of winning the Minnesota Lottery are and create our own games that we could make money with. We will play our games and come home with fun prizes!

Clay Creations

Design your own creations with ooey-goey clay, Model Magic and other materials. Let your artistic side shine!

Computer Fun

Love to do the computers at school, but just never have enough time in the day to play the fun stuff?? Join us for Computer Fun and use this time to explore the games you've always wanted to!

Design It!—A 4- H Adventure

Engineering fun learning basic scientific concepts! Design and build gliders, spinning toys and rubber band powered cars!

Dodgeball

Have you ever wished your physical education teachers would let you play dodgeball more often? This class will be all dodgeball all the time! We will play at least 4 different dodgeball style games throughout the week. Warm up your throwing arm and join us for this fun new class.

Food Science—A 4- H Adventure

“Eggsplore” eggs—did you know that they are “Eggs”tra strong? Summer is gardening season also—have fun learning the science of food!

Gardening 101

Welcome green thumbs! In this class we will do lots of fun gardening activities including planting and rock painting at our school forest's butterfly garden!

Kaleidoscope of Fun!

Make your own kaleidoscopes as well as lots of other fun crafts to take home with you!

Life on the Farm

Learn all about different types of farms, their animals, crops and how they impact our lives! You will get to plant some of your own “crops” to bring home with you!

Money Math

Shopping can be hard work and so is running your own store! Practice counting money, making change and finding total cost when shopping for yourself or serving your customers! You will also get to take a field trip to the bank!

Movie Makers Wanted!

Do you have dreams of one day making or starring in your own movie? Are you someone who loves to do great things with computers? In this class you will get familiar with i-movies and mixing music with movie clips. Get ready for your starring role!!

Incredible Edible Crafts

Come make cool crafts that you can eat after! Edible glass, candy bracelets, sushi, marshmallow towers and more!

Nature Nuts

Nature lovers wanted! Learn about the animals and plants that live in the lakes of Minnesota. Students will be driven to the Longville School Forest for class each day for some hands on science fun!

Outdoor Art

Nature is a work of art! We'll create masterpieces inspired by the great outdoors. We'll paint using items we find outside and even make leaf print t-shirts!

Rain Forest Magic

Make your very own Rain Stick! Lots more fun too learning about rain forests and the magic within!

Spanish Fun

Have you ever wanted to learn about another culture and another language? In this exciting class you will learn some basic Spanish, make and eat some traditional foods and have tons of fun!!

Summer Olympics

Enough outdoor games and activities to make anyone smile. Come join the fun both weeks if you'd like as we have different teachers for each week!

Volleyball

For boys and girls! Learn some basic skills for both indoor and outdoor volleyball. Fun for all!!

Weather Detectives

Have fun learning about the weather and instruments meteorologists use every day! Make your own compass and weather vane to take home!
