

Dear Parents,

Welcome from the Northland Eaglet program! The Northland Eaglet Program is a group of Early Childhood providers which consists of Northland Community Schools, Bi-CAP Head Start, Northland Family Center and Cass County Public Health.

Your child is almost three. It is amazing how quickly they grow, change and learn! When your child turns three years old, we would like to see him/her for an Early Childhood Screening.

See how much your child has learned in the first three years! You will be amazed!! Just look for the colorful brochure in the mail in about 6 months from now and call the number for an appointment.

Please contact us if you have any questions about your child's development, preschool or other early childhood programs.

Sincerely,

Mary Wilke
